Florida Regional Report January 2014

Area support was held with 44 members in attendance. Forest submitted that we are having a problem with too much literature on hand and requested suggestions for a solution. Some of the suggestions were: Utilize the literature chair inventory sheet. Order from region, with all groups using the web and the shipping would be reduced. Sell what we have on hand and then just order what is needed monthly..

Project planning is still working on "Behind The Walls" updating the current facilities information is in progress. The Statewide Meeting List is up and running. This group is collaborating with S FL and NW FL/ S Alabama to gain experience.

Bridging The Gap Project is still being developed. The recruitment of volunteers has begun. Please announce this in meetings the need for volunteers for this project. This past RSC in January, we have added 2 more projects. **Regional Helpline Project** - will be staffed soon and they will research the current technology and bring back recommendations at which time a Project Plan will start to be developed. **Video Access to FRSC Meetings** - has been staffed with 3 members who have the willingness and experience. Their first task is to research costs and feasibility to determine what will be necessary to fulfill this enormous task.

Our RSO is in great shape financially and otherwise.
