DEFINITION OF AN AREA SERVICE

An Area Service Committee (ASC) is a committee made up of Group Service Representatives (GSR's) from groups within a designated area, executive committee, and subcommittee chairpersons, which meets monthly for the express purpose of serving the specific needs of its member's groups (note "group(s) and "homegroup(s) are used interchangeably in this policy and are understood to have the same meaning). It also serves as a link between these groups and the Florida Regional Service Committee of Narcotics Anonymous, and to foster unity.

The most important service that an ASC provides is that of its groups' needs. Whenever a group has a specific situation or need, which it has not been able to handle on its own, it can come to its Area Service Committee for help. These situations are almost limitless in scope; however, we have learned that we can get much accomplished when we work together.

An ASC performs other functions that are of help to the groups. It can help groups get started or give aid to floundering groups. It may hold workshops or seminars to train trusted servants. The point is that an ASC handles whatever functions are necessary or helpful to its groups.

In order to provide these services, an ASC needs the active participation of its GSR's. A group supports its Area Service Committee both financially and emotionally. It takes money to provide these services. It is a group's responsibility to offer this support. However, as an area grows, the financial needs of the committee also grow. In order to provide a full line of services it requires steady, reliable flow of money. Some areas provide these funds through activities. These alternate sources of financial support are helpful, but the bulk of the responsibility still falls on the members of a group.

INTRODUCTION

While the structure and operation of ASC's varies considerably throughout the Fellowship, there are some general characteristics that hold true in every case. These characteristics are born from experience. From these observations, we can derive spiritual goals, which we strive towards in area service. Understanding the characteristics and goals of an ASC is what fosters spiritual unity and decision making to be guided by what works—"addicts helping addicts."

1. An ASC should adopt the 12 Traditions, then create guidelines for its operation. The guidelines can and should change as the ASC grows.

2. ASC's must make decisions, but do not have power or control over N.A. groups. ASC's can quickly stray from their purpose by attempting to "police" groups or otherwise control them. In producing meeting lists for an area, decisions must be made about which meetings to list. There are many ways to approach this, but all approaches must be based upon sound principles and conform with the purpose of the meeting list. "Punitive" motives are unacceptable in Narcotics Anonymous.

3. An ASC can and should be the place where ALL of the following are in evidence; collective expression of:

The group's conscience

Spiritual needs and strengths of groups

Recovery

Insight

Experience

Wisdom

A loving God (Tradition Two)

4. The trusted servants of the ASC have rights associated with their specific task. With each right, there is a responsibility. In selecting trusted servants, we have a spiritual responsibility. If we place someone in a service position that does not have working knowledge of the 12 Steps and 12 Traditions, then we all bear some responsibility for what happens.

5. The tragedies of service can be avoided by working our programs, being responsible in electing people, and requiring accountability. Over-commitment, resentments, disservice and return to using are the tragedies of service, which occur all too often. Pride and power can lead to self-centered leadership, which harms newcomers and old-timers alike by detracting from the atmosphere of recovery.

6. The rewards of service are not praise, recognition, nor ego. In terms of rewards, we look to the spiritual rewards. Each of us strengthens our own recovery so that we can contribute to services which help the group make recovery available to any addict seeking it. Still suffering addicts are attracted to our groups, enter recovery and eventually may join our service efforts. This is why we are here, so that our own recovery helps another addict. Along the way, we benefit individually and other members and potential members do also.

7. The trusted servants, especially the RCMs and GSRs, are often called upon to explain or confront issues. In order to do so, they must provide and possess an understanding of the communication process between group, area, region and world services. These trusted servants must have the ability to present this type of information repeatedly to different people in different settings. This contributes directly to unity, growth, and stability of those being served.

GUIDELINES FOR AREA SERVICE INVENTORY

“NA ought never be organized, but we may create service boards or committees directly responsible to those they serve.”

The Forest Area Service Committee exists to carry the message of recovery in accordance with the principles of this tradition. Service committees, like individuals, often vary in personality. Some grow and thrive, while others struggle to survive, and sometimes-even fail. As individual members, we are advised to use our 4th Step as a tool of recovery. Similarly, a service inventory might help the FASC keep things on track. As individuals take their own inventories even when things are going well, an Area should also review itself periodically. An FASC service inventory, much like an individual inventory, should reflect both the strengths and weaknesses of its services and trusted servants, its growing pains, suggestions for improvement and its adherence to the 12 Traditions of NA. Emphasis should be given overall to how the FASC is performing its responsibilities to the Area it serves. This review might include some of the following questions. Generally, the inventory can be broken into 2 parts:

1. How did I, as a trusted servant, do in the performance of my duties?
 - a. Do I show up?
 - b. Do I know what I am supposed to do? If not, have I consulted the FASC Guidelines, the Temporary Working Guide to the Service Structures, or the person who held this position before me?
 - c. Do I do what I am supposed to do?

- 1) Represent my group's conscience?
 - 2) Keep my group (subcommittee, or the Area) informed about the Area, Region and World.
2. How did the FASC do in performance of its functions?
- a. As a representative of a meeting or subcommittee do I feel confident that the FASC will help my meeting or committee resolve any problems it may face?
 - b. Do the FASC subcommittees serve the needs of my meeting?
 - c. Is my group's conscience being sought and heard when matters arise which affected my meeting or NA as a whole?
1. Does the FASC remember our 12 Tradition and do we "place principles before personalities?" We are a spiritual fellowship. The function of the FASC is to allow the message of recovery to be carried through the services we provide. When we respect each other, even though we might disagree, and adhere to the principles stated in each of our Traditions, we are a unified entity serving the Fellowship of NA within the Forest Area.

PARLIAMENTARY PROCEDURES

MAIN MOTION: A main motion is a motion whose introduction brings business before the FASC. Such a motion can only be made when no other motion is pending.

AMENDMENTS: An amendment is a motion to modify the wording and, within certain limits, the meaning of a pending motion before the pending motion itself is acted upon. An amendment must in some way involve the same question that is raised by the motion to which it is applied. An amendment cannot introduce an independent motion. An amendment is debatable only if the motion to be amended is debatable.

MOTIONS TO TABLE: A motion to table may be applied only to a main motion that is pending. At the time a motion to table is made, an intent is to be given. The motion to table is in order for:

- a. To get further information.
- b. More pressing business to be dealt with.

A motion that is tabled remains on the table until taken up by the FASC by a motion to do so, or until the next FASC meeting when it will be brought up by the executive committee under old business. This motion is not intended to kill a main motion or suppress debate on it.

MOTIONS TO REFER TO COMMITTEE: When a motion to refer to committee is made, it is to send an item of business to a relatively small group of selected persons, a committee, so that a question may be carefully investigated and put into better condition for the FASC to consider. Unless specified, the issue will be brought up at the next FASC meeting by the committee. Debate on a motion to refer to committee will be limited to one pro and one con, and the debate will pertain only to the desirability of committing the motion or the instructions to the committee, and not to the merits of the main motion. If passed, there will be two pros and two cons on the original motion so as to obtain information to give directions to the committee.

MOTIONS TO RECONSIDER: A motion to reconsider is meant to bring an item that has already been dealt with back onto the floor. This is used to permit the correction of hasty, ill-advised, or

erroneous action, or to take into account new information or situations not considered when taking the original vote. Since this motion is not to be used for rehashing motions where an individual or minority were not pleased with the outcome, this motion can only be made by a GSR who voted on the prevailing side or a member who spoke in debate to the prevailing side of the motion. After the end of the next FASC meeting it would no longer be in order to reconsider a motion. You may not reconsider a motion more than once.

UNANIMOUS CONSENT: That is a method that allows the FASC to move quickly through routine business or questions of little importance. This is a less formal way of handling business and is an alternative to taking a vote on motion. If the Chairperson senses no opposition to a motion he/she will state that the motion is carried by unanimous consent unless there is an objection. If there is no objection to this the minutes will reflect that all of the voting members were in favor. If a member objects to this, the matter will go to a vote as prescribed for the motion.

WITHDRAW OR MODIFY: A request to withdraw or modify may be made by Maker of the original motion upon his/her acceptance of a suggestion from another member. After the motion is made, it belongs to the FASC as a whole and the maker must request the FASC's permission. The Chairperson treats this as a unanimous consent matter, that is, if no one objects to this, the request is granted. If there is an objection, the Chairperson automatically puts the request to a vote, which is not debatable.

MOTION TO CALL THE VOTE: A motion to call the vote must be seconded and allows for only one pro and one con. A 2/3 majority is required to adopt this motion. The intent of this motion is to bring the original motion to a vote without any further amendment or debate. This motion is not to be made to suppress information, but rather to expedite the proceedings.

POINT OF INFORMATION: A point of information is a question directed to the Chairperson to obtain information concerning parliamentary procedure or the motion that is pending. This allows a member to ask a question and it is not to make a statement or give information.

POINT OF ORDER: When a member feels that the rules, policy or guidelines of the FASC are not being adhered to, he/she can make a "point of order" which in effect is asking the Chair to make a determination of whether or not the procedure the member is pointing out is in fact being violated. A point of order is not a method in which to dispute the accuracy or validity of another member's remarks, but instead is to bring to the attention of the chair that a member feels that the proper procedure is not being followed.

SUSPEND THE RULES: A motion to suspend the rules is made when a member of The FASC would like to waive a certain FASC procedure. The motion will include the rule to be suspended and the length of time it shall be suspended. The motion requires a second and a 2/3 majority.

APPEAL THE DECISION OF THE CHAIR: By electing the FASC Chair the FASC delegates to him/her the authority and duty to make necessary rulings on questions of parliamentary procedure. Any two members have the right to appeal his/her decision on such a question. By one member making the appeal and another seconding it, the question is taken from the Chair and given to the FASC for the final decision. Debate will be limited to one pro by the maker of the motion, and one con by the Chairperson, limited to one minute each.

HELPLINE SUBCOMMITTEE GUIDELINES

Our Primary Purpose

Our primary purpose is to stay clean, and to carry the message of recovery to the addict who still suffers. By far, the best way to make ourselves available to those who need help, is to provide a "HELP LINE" phone service. Someone can call and talk anonymously to a recovering addict. The phone number is listed as Narcotics Anonymous in the telephone directory, and serves that purpose. The suffering addict can call this number without fear, get meeting times and location, and receive information about NA.

Our Vision

Our vision is to ensure that each member of the Phone Line Subcommittee of the Forest Area has the information needed to be confident and concise in the Narcotics Anonymous message that they carry

to those via 352-368-6061. We hope by offering each member of the Subcommittee this information, we, as a subcommittee, will better perform the task given to us by the Forest Area.

Our Mission

The mission of the Phone Line Subcommittee is to direct the potential newcomer to a meeting or direct questions about our fellowship to the appropriate subcommittee(s). We will help each individual member to better understand the Traditions of NA, and how to interact with people that may or may not be seeking recovery from the disease of addictions. We will present the Do's and Don'ts of the Phone line interaction, which will help to protect the member and the image of Narcotics Anonymous. We hope to do this in a clear and concise message, indicative of recovery on Narcotics Anonymous.

1. Definition and Purpose of the Subcommittee:

- The Forest Area Phone Line Subcommittee (hereinafter referred to as the Subcommittee) is a volunteer group of the fellowship of Narcotics Anonymous, existing for the express purpose of directing the potential addict to an NA meeting or directing questions about our fellowship to the appropriate subcommittee(s).

- As a Subcommittee of the Forest Area Service Committee (FASC), we shall maintain effective communication and cooperation with the FASC. Meetings are open to all members of the NA fellowship.

2. Functions of the Subcommittee:

- If an elected committee member becomes unable to fulfill the duties of that position, a successor shall be suggested by the Chairperson and approved by the Subcommittee at the next business meeting. Should the Chair be unable to fulfill the duties of that position, the Vice-Chair will

automatically assume the position of the chairperson until the next FASC meeting where a new Chair will be elected or appointed.

4. Qualifications and Duties of Committee Members:

INTERNET TECHNOLOGIES COORDINATOR GUIDELINES

Purpose

The purpose of this Coordinator is to maintain the Florida Regional Web page. It is the responsibility of this Coordinator to update the page on a BI-monthly basis after every RSC. It is the hope of this Coordinator to foster unity in the form of communication by allowing addicts the ability to find meetings anywhere in the Florida Region. To carry meeting information to addicts still suffering and to our current members.

Function

A Web page is a method of tying together/fostering unity and participation and disseminating information throughout the intended Area/Region and the Fellowship at large. Trying to Micromanage a web page through P.I glasses seems far to limiting for the expanding tool that they are becoming. An NA web page carries the message both within and outside the fellowship and should be managed and guided accordingly.
