Open floor

Tawny: Would it at all be possible to have a float in the Christmas parade?

David J: It goes against our 10th tradition.

*FASC had discussion on this matter and came to a group conscience that this will be passed along to fellowship development by our RCM.

Forest Area Public Relations/Phone line December 2023

On December 6th we had a joint meeting of PR and H&I with Senior Chaplin Thomas Beckette of the Marion County Correctional Institute where we presented information about NA and left him with a flyer for our help line as well a welcome packet of information with meeting list and various IP's

Because of scheduling conflicts we did not attend the monthly Marion County Children's Alliance and the monthly Coffee and Connections meeting. Because of limited space our flyer did not make it into the Marion County Children's Alliance newsletter for December but we will continue to submit our informational flyer in hopes that it will appear in January's newsletter. We are still looking into getting our information into the Marion County behavioral health Guide again if you would like to view the guide the link is www.resourcemarion.org

I attended the Regional PR subcommittee meeting on November 13th where the areas of our Region met to discuss the various PR efforts going on in our Region some of the topics discussed were various ongoing PR projects, presentations of which I was asked if I would present the meeting with the Presentation that I have created for some of our service providers in the Forest Area, PSA's for our areas of which we were asked to wait before we continued those efforts because the Southeastern Zonal PR subcommittee was working on a PSA that could be used by all of our areas I have attached the link in this report for those that would like to view those PSA's

<https://drive.google.com/drive/folders/1SHO7IUjll95krwOh3XmWHgeC8oZOGTjo?usp=share>

We are continuing to accumulate the contact information for our service providers that the Regional PR subcommittee tasked us to provide them, so that we may send out invitations to the upcoming Service Symposium in March of 2024, we need your help if you have any contact with any service providers here in Marion County please get me the information so that I can get it to region. We are all PR !!!

Our Helpline is operating as designed but there are still a few glitches getting all of the volunteers integrated into the system, I have attended the last regional meeting and met with the Regional IT team to resolve our ongoing technical issues and they are working of finding a solution to our current issues with the system, we had no missed calls from November 11 to December 9 we had 5

Forest Area Public Relations/Phone line December 2023

volunteer calls, 5 meeting look up calls and 6 meeting lookups via text. WE will continue our efforts to get all of our volunteers intergraded into the system. I have attached a copy of the metrics for our calls with this report.

WE want to thank all of our volunteers for their endless work serving both our subcommittees. We meet the first Monday of the month a 8pm at 511 SE 3rd St. Ocala FL 34471 at the Presbyterian Church All are welcome because we are all PR !!!

Thank you for allowing me to serve

Florida Region of Narcotics Anonymous

10th Florida Service Symposium

If this is a phone conversation or a person-to-person interaction I would ask the person first if they know what Narcotics Anonymous is and then probably ought to start with "Narcotics Anonymous is a global, community-based organization with a multi-lingual and multicultural membership. NA was founded in 1953, and our membership growth was minimal during our initial twenty years as an organization. Since the publication of our Basic Text in 1983, the number of members and meetings has increased dramatically. Today, NA members hold nearly 77,000 meetings weekly in 144 countries. We offer the opportunity for recovery from the effects of addiction through working a twelve-step program adapted from the Alcoholics Anonymous program, including regular attendance at locally held group meetings. It has been our experience that the group atmosphere provides help from peers and offers an ongoing support network for addicts who choose to pursue and maintain a drug-free lifestyle. "

This event (The Florida Service Symposium was specifically developed as a vehicle to expand communication between professionals who may directly or indirectly render services to people in and/or entering the recovering community and between professionals and Narcotics Anonymous members. It was created because in pursuit of NA's vision to better help those suffering from the disease of addiction (Substance Abuse Disorder) the better the professionals and families of addicts can contribute to getting the addict started on a path of long-term recovery and freedom from active addiction.

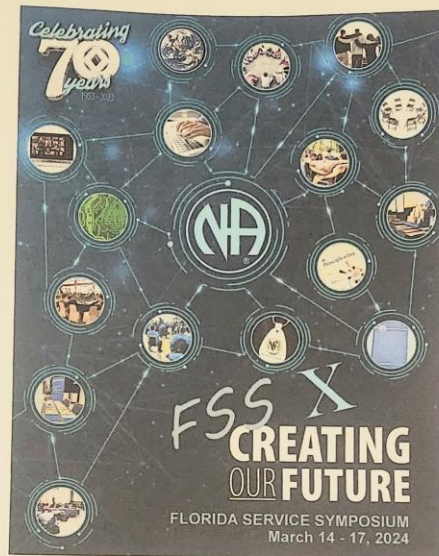

Our last in-person event in 2019 was well attended by a wide range of professionals ranging from Addiction Specialists, Mental Health Professionals, Medical personnel, Law enforcement agencies, County, State and Federal Correctional agencies, and the Judicial System. In addition to this diverse group of professionals, many members of our recovering community attended this three-day event. The demographics of the recovering attendees were as varied as the professions represented. The attendees hailed from across the U.S. and outside of this country.

The diverse composite of professionals, along with members of the recovering community illustrates the inspiration of our primary purpose as well as the adage that the disease of addiction does not discriminate economically, socially, or demographically.

The goal of our Professionals Day is to continue the dialogue across professions and with our members that began in 2005 to find out what we all are doing well, what we can do better and how we can all better collaborate with one another in fighting the disease of addiction. In past symposiums we have revealed the interconnectedness required between agencies and addicts themselves and we want to continue that dialogue and expand upon it so we can better help those who wish to recover. Our dialogue also reiterates that there are many facets to the disease of addiction and an equal number of ways a person can be introduced to a path of recovery. Narcotics Anonymous is one of those paths. Our international fellowship has been helping addicts recover and live drug free for over 70 years and continues to grow.

We invite you to participate in our free event. We typically start our symposium with a panel of three keynote speakers from different professions who begin the discussion by introducing current topics that affect their interactions with those people who find themselves facing the reality of their problem, sometimes for the first time. We then have a town hall type discussion led by our three speakers. This is followed by an afternoon of roundtable discussions by all the participants, which is summarized before our closing. Our experience with our roundtable discussions is that quite often we find that when each profession is aware of the other's methodologies in dealing with the disease of addiction, we leave with a much better understanding that battling our disease requires collaboration. In collaborating and cooperating across disciplines we can all contribute better to helping someone find a path of recovery, whatever that path is.
