\$138.20 returned to area.

Desiree: I want to begin by stating I am fully aware that I did not turn in the money made from our June event in the allotted time. That was my mistake and I take full responsibility for that. However, that only occurred once in my 9 months as Activities Chair. All money has always been accounted for and turned in with receipts when due. I took over the Activities Chair position in December due to the Chair person leaving his position before his term was up. I stated at that time my qualifications and let it be known that due to my work schedule I would not be able to attend Area each month, however my co-chair would be present to represent our committee.

I attended Area in December, April and June. It would have also been in May however the date was changed due to it being Mothers Day and it was voted on to postpone it, which ended up being on a weekend I was scheduled to work. That's the case I would have attended 4 out of 9 meetings to date.

I have attended each Activities Event. I have obtained information needed for each event. I have assisted in purchasing food for each event. And I have assisted setting up and cleaning up for each event. In my opinion I have diligently done the duties required of me as Activities Chair. This last event was my last event as chair and I'm now stepping down.

**Policy report**

Chris: We are reviewing the policy.

One of the two motions was about creating an ad hoc committee. Our area has the ability to create one without a motion.

All chair persons need to review their section in the policy and please report it to policy by November 1st. A motion will need to be made for any policy changes.
